

Part 147 Seminar A31 Working Group – Industry Presentation

John Bool
04/February/2020

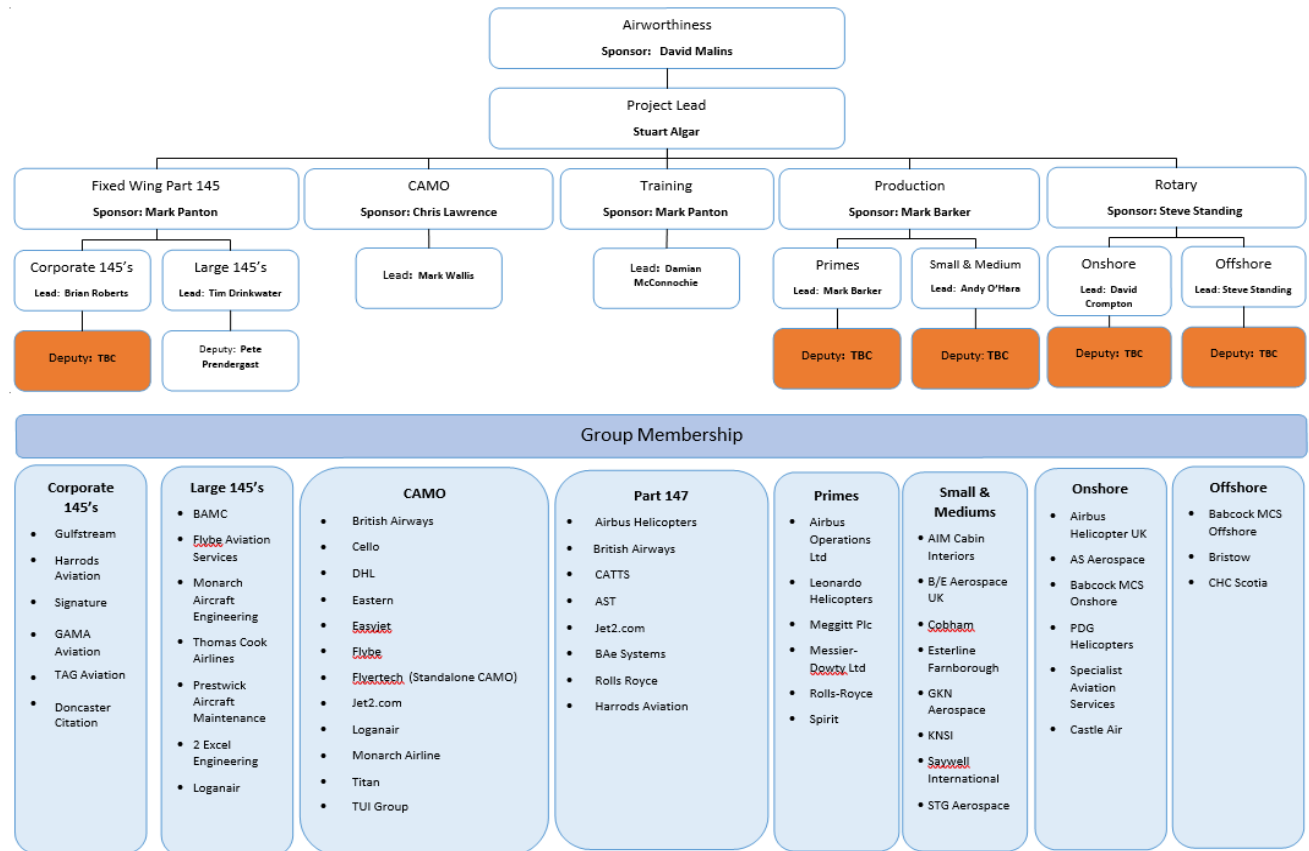

A31 Part 147 Industry Working Group

- The A31 Working group is a collaborative group that represents the Part 147 community and works with the UK CAA in developing industry guidance in support of a number of current topics
- The group meets approx. twice per annum (depending upon the need) and collaboratively debates and issues that have been allocated for review and develop possible means of resolution. The group work with a UK CAA SME so as to ensure that effective compliance may be maintained

A31 Part 147 Working Group

■ A31 Working Group Structure
