

Aviation Reporting Portal

Occurrence reports relating to UK aircraft or occurring in the UK should be submitted using the aviation reporting portal. **The portal address is aviationreporting.eu**

The reporting portal allows you to submit occurrence reports to the UK Civil Aviation Authority (UK CAA) using an online/offline form or an E5X file. You can also submit a follow-up to an existing report.

For simplicity, both mandatory occurrences (defined under the current mandatory reporting regulation) and voluntary occurrences (that you feel require the attention of the UK CAA) can be submitted using the aviation reporting portal. The same information is required regardless of whether you are submitting a mandatory or voluntary occurrence report.

The portal also provides links to relevant reporting regulation and guidance as to how and what to report, as well as additional guidance for organisations who wish to use an integrated reporting solution to submit occurrence reports using an E5X format.

More details on occurrence reporting can be found on [our website](#).

Submitting an Occurrence Report using the Aviation Reporting Portal

To submit a report using the aviation reporting portal, complete the following steps:

1. Navigate to the aviation reporting portal, aviationreporting.eu

The aviation reporting portal allows you to submit occurrences reports to the UK, EU member states and EASA.

You can create an ECCAIRS account which will allow you to view and manage your previous submission using the portal.

You can view the taxonomy browser online which enables you to view the options available for the different elements of an occurrence report. The latest aviation news and updates are also available from the portal.

2. If you want to submit an occurrence report, select “Report an Occurrence” and then “Report an Occurrence Portal”.
3. Then select whether you are reporting as an individual or on behalf of your organisation.

Submitting a report as an individual

Before you can submit a report, you must first select which state you are reporting to/for. For reporters flying a UK registered aircraft (G- registered) or for occurrences that you want to bring to the attention of the UK CAA, you would select 'United Kingdom' from the dropdown list.

In some cases, you may want to send a report to EASA (e.g. if you are operating an aircraft that has been certified by EASA). In these cases, please select "EASA" from the dropdown list.

Reporting with an Organisational Account

Using an Organisational Account to submit reports, you not only can see the reports submitted by yourself but also reports submitted by other users within your organisation. It is also easier for submitting additional information to your competent authority.

To set up an Organisational Account, please fill in the Contact form to notify the Authority Admin with your access request. Please select "Request Access" and include the following information in the message before you submit your Contact form.

 Please sign in or register:

CONTACT FORM

Name and Surname *

Email *

Phone

Company

My Competent Authority is *

Kind of support *

Tell us what you need help with *

☐ I'm not a robot

Please include the following information in this box (fields marked as * are mandatory):

Organisation name*:

Phone:

Website:

Organisation sector:

Name of your Organisation Administrator* (This is the initial person to be set up by authority admin, the person will be given special role to set up more user accounts within your organisation):

Job title:

Email address*:

CAA-Issued Organisation Approval number* (This field is only required if the email address supplied appears to be personal rather than a business email address.):

Organisational Account log on and user dashboard

Once your account is set up by the UK Authority Admin, you will receive a notification from ECCAIRS 2 notifying an account has been created using the email address supplied. Your username/Log on name will be the same as your email address. Now please click on the link to activate your account and set up a password.

You can then log on to your Organisation Account. The landing page/dashboard will look like this:

Annotations:

- You can access three different areas when you click on the top ribbon on your dashboard. Click "Report an Occurrence" to create new MOR report. Click on "Taxonomy" to see the latest version of UK CAA custom Taxonomy. "Administration" is where the user management function sits. It is where the Organisation Administrator sets up new users within your organisation.
- Access to ECCAIRS 2 knowledge base
- For users to review ESX file upload results. Only applicable for Organisations submitting reports in the ESX format.
- Turn on the slider to see reports submitted by yourself only
- Lock symbol means the report is being amended by someone within your organisation
- Report version number will get updated every time the report is edited and submitted.
- Click on 3 dots for option menu to edit, view or export report

Administration – User account management and User Roles

When setting up a new Organisation, the Authority Admin will always set up the initial user with an Organisation Administrator role. This allows reporting organisations to manage their own users internally. There are 2 roles that can be assigned to a user: “Reporter” and “Organisation Administrator”. The Reporter role allows the user to raise new reports and amend reports. The Organisation Administrator role allows the user access to the “Administration” area and manage internal user accounts.

Go to the “Administration” tab on the top of your dashboard. You can read your organisation detail which was set up by the Authority Admin.

Reporting using the online webforms

If you are submitting using the online form, simply complete the mandatory sections of the form marked with an asterisk (*).

Once all fields are completed, you can progress through the form by clicking “Next” and finally submit the form by clicking “Submit”.

Work through the forms by completing (at a minimum) all required fields marked with an asterisk (*)
Click next or submit to advance
You can also save a draft and return to complete your report later

Reporting using the offline PDF forms

If you are submitting a report using the offline webforms, you will need to download the form by clicking on the “download” option. This will download a copy of the form in pdf format for you to complete offline.

The screenshot shows the ECCAIRS2 'Report an Occurrence' form. The 'Download, compile and upload your reporting form' option is selected. A callout box points to the 'DOWNLOAD' button with the text: 'Download a pdf form by clicking download'. Below the buttons, a note states: 'Use the free Acrobat Reader de (Adobe's website) to fill the forms. Other PDF applications may not work or corrupt the PDF forms (e.g. Preview application Quarts Context on Mac). Instructions.pdf'.

Once you have completed the form, you can upload it to the portal by clicking the “upload” option and selecting the files you want to upload either by clicking “select files” or dragging and dropping the files into the file upload box.

The screenshot shows the ECCAIRS2 'Report an Occurrence' form. The 'Download, compile and upload your reporting form' option is selected. A callout box points to the 'UPLOAD' button with the text: 'Upload your completed report by clicking upload and either clicking select files or drag and drop the file into the upload area.' Below the buttons, a note states: 'Use the free Acrobat Reader de (Adobe's website) to fill the forms. Other PDF applications may not work or corrupt the PDF forms (e.g. Preview application Quarts Context on Mac). Instructions.pdf'. At the bottom, the 'Select files...' button and the 'Drop files here to upload' area are highlighted.

Finally, click “Submit” to send your report to the UK CAA.
